

23rd. Annual International Conference of the Egyptian Fertility & Sterility Society (EFSS)

Marriott Zamalek Hotel, Cairo, Egypt.

November 30th.- December 1st., 2017

Day 1: Thursday November 1 st ., 2017				
Registration	08.00-09.00			
Opening	09.00-09.15			
Plenary I	09.20-12.45	Chairpersons: TBC		
	09.20- 09.45	Update of Assisted Reproductive Technologies (ART): The German Situation. Klaus Diedrich, Germany		
	09:45-10.10	Endometriosis associated adenomyosis: which consequences for patients Charles CHAPRON, France		
	10.10-10.35	Myomectomy 2017 and alternatives Zaid Kilani, Jordan		
	10.35-11.00	Is the concept of pre-implanation genetic screening (PGS) still valid? Mohamed Aboulghar, Egypt.		
	11.00-11.25	Complete zona removal for vitrified-warmed blastocyst is advantageous to increase pregnancy outcomes? A retrospective cohort study of a single vitrified-warmed blastocyst transfer in natural and minimal stimulation cycle IVF Akiko Yabuuchi, Japan		
	11.25-12.45	Ovulation stimulation for IVF/ICSI - improvement or improvisation? . Yakoub Khalaf, UK		
Plenary II	12.45-15.15	Society of Endometriosis and Uterine Disorders (SEUD) & Egyptian Fertility Sterility Society (EFSS) Joint Session Chairpersons: TBC		
	12.45-13.05	Endometriosis, a chronic endocrine/inflammatory disease. Felice Petraglia, Italy		
	13.05-13.25	Prevalence of endometriosis and its symptoms among young adult females with chronic pelvic pain refractory to conventional therapy. Moamer Al-Jefout, UAE		
	13.25-13.45	Non-invasive diagnosis of superficial peritoneal endometriosis: is it realistic? Fernando Marcos dos Reis, Brazil		
	13.45-14.05	Surgery for endometriosis; when and how? Charles CHAPRON, France		
	14.05-14.25	ART and endometriosis. Mohamed Yehia, Egypt		
	14.25-14.45	Emerging treatment for endometriosis Aboubakr El Nashar, Egypt		
	14.45-15.05	Use of dienogest versus oral contraceptive pills in treatment of endometriosis Mohamed Salama Gad, Egypt		
Coffee Break	15.05-15.30			
Parallel Sessions	15.30-16.45	Endometriosis & adenomyosis	Andrology & ART	Endometrium and endometrial receptivity
	15.30-15.45	AMH levels and endometriosis. Charles CHAPRON, France	Severe OAT and ICSI: what is the best; testicular or ejaculate Medhat Amer, Egypt	Optimising endometrial receptivity Mohamed Kamel Alloush, Egypt
	15.45-16.00	Clinical symptoms of adenomyosis.	Ovarian stimulation for IVF Khaldoun Sherif, Jordan	Thin endometrium: causes and management

		Felice Petraglia, Italy		Taiseer Maarouf, Egypt
	16.00-16.15	Adolescent endometriosis: current status and its problems in Asia Khaleque Khan, Japan	Kissopeptin are we close to using in clinical practice. Yakoub Khalaf, UK	. Management of Accumulated endometrial fluid during COH in IVF/ICSI Tarek Al-Hussainy, Egypt
	16.15-16.30	A new biological therapy for endometriosis. Ahmed Badawy, Egypt	The embryo transfer; an evidence based view Mohamed El Sherbini, Egypt	Effect of intrauterine perfusion of Granulocyte colony stimulating factor on endometrial receptivity before transfer of frozen embryo, A randomized clinical study Ayman Nadi Abdel Meged, Egypt
	16.30-16.45	Fertility preservation in women with adenomyosis Afaf Ismail, Egypt	ICSI for all: oocyte helping or raping Salah Rasheed, Egypt	
Break	16.45-17.15			
Parallel Session	17.15-18.30	Pregnancy and surgical obstetrics	Endocrinology	Embryo freezing, selection and implantation
	17.15-17.30	Fertility after placenta accreta Eric Jauniaux, UK	Interaction between ghrelin and female reproductive hormones Ioannis Messinis, UK	Factors affecting the survivability and development of oocytes after vitrification Akiko Yabuuchi, Japan
	17.30-17.45	Impact of post CS ventral adhesions (uterine ascent syndrome on female infertility. Mohamed Abdel-Aleem, Egypt	GNRH analogues for gonadal protection: do we have a reliable evidence? Iman Elgindy, Egypt	Oocyte cryopreservation: is it applicable now? Hesham Al- Inany, Egypt
	17.45-18.00	Cesarean myomectomy, An update Alka Kriplani, India	Human menopausal gonadotrophins as a novel addition to luteal phase support in down regulated ICSI cycles Abdel Maguid Ramzy, Egypt	Freezing all embryos in good responders Hassan El Maghraby, Egypt
	18.00-18.15	Back to normal vaginal delivery; a lost art Sayed Kabbary, Egypt	Transition from pre-antral to antral follicle; clinical significance Mahmoud Shawer, Egypt.	Optimising results of artificial cycle frozen-thawed embryos Sherif Samak, Egypt.
	18.15-18.30	Enhanced recovery after cesarean section and its implementation Taiseer Maarouf, Egypt		The end of the dilemma of frozen thawed embryo transfer; evidence based. Amr Adeel, Egypt
Dinner	18.30			
Day 2: Friday December 1st. 2017				
Plenary III	09.15-12.00	Chairpersons: TBC		
	09.15-09.40	Fertilisation events that defy evolution. Hassan Nasrat, Saudi Arabia		
	09.40-10.05	Bacterial contamination hypothesis; a new concept in endometriosis Khaleque Khan, Japan		
	10.05-10.30	Surgical Management of Deep Endometriosis: a step towards personalized, function-sparing		

		surgery Mohamed Mabrouk, Italy		
	10.30-10.55	IVF: When to do and when not to do Khaldoun Sherif, Jordan		
	10.55-11.20	Placenta accrete and human reproduction Eric Jauniaux, UK		
	11.20-11.45	TBD Gamal Serour, Egypt		
	12.00-12.30	Friday prayers & Coffee Break		
Plenary Session IV	12.30-15.00	Chairpersons: TBC		
	12.30-12.55	Ovarian dysfunction in young females; the implications on their future reproduction potential Mourad Seif, UK		
	12.55-13.20	Recent advances in PCOS Saad Amer, UK		
	13.20-13.45	Ovarian tissue cryopreservation; present and future Yousri Afifi, UK		
	13.45-14.10	Novel aspects in the endocrinology of the menstrual cycle Ioannis Messinis, UK.		
	14.10-14.35	Congenital malformations of the Genital Tract - Diagnosis to Intervention Alka Kriplani, India		
	14.35-15.00	Mullerian agenesis effect on human reproduction Shawky Badawy		
Coffee Break	15.00-15.30			
Parallel Sessions	15.30-16.45	PCOS	Endoscopy	Endometrioma/adenomyoma surgery
	15.30-15.45	A systemic view of the polycystic ovary syndrome. Fernando Marcos dos Reis, Brazil	Proximal tubal block: approach and management. Yousry Afifi, UK	Surgical management of ovarian Endometriosis: Impact on ovarian reserve. Mohamed Mabrouk, Italy
	15.45-16.00	Insulin resistance and obesity among infertile women with different PCOS phenotypes Moamer Al-Jefout, UAE	The role of hysteroscopic surgery in subfertility Medhat Hassanein, UK	Endometrioma and how it affects IVF outcome Mohamed Walaa El Deeb, Egypt
	16.00-16.15	Laparoscopic ovarian drilling for PCOS; an update Hatem Abou Hashem, Egypt	Failed Hysteroscopy. Hossam fahem, Egypt	A systematic review and meta-analysis on the impact of endometriom on IVFI/CSI outcome Ayman Nady AbdelMeged
	16.15-16.30	Revising Inositol in PCOS Mohamed Imam, Egypt.	Hysteroscopy in infertility Ayman Assaf, Egypt	An update on uterine sparing surgery for adenomyosis Abou Bakr El Nashar, Egypt
	16.30-16.45			
Break	16.45-16.50			
Parallel Sessions	16.50-18.00	Fertility and cancer related issues	Risk management and clinical governance	Gynecology
	16.50-17.05	Contraception and cancer risk Adel El Kady, Egypt.	Managing clinical risk: adopting a culture of learning and sharing the experience Mourad Seif, UK	Hormone replacement treatment; what is new? Medhat Hassanein, UK
	17.05-17.20	Vaccination against Human papillomavirus (HPV)	How to conduct publishable research?	Recent updates in chronic pelvic pelvic congestion

		infections El Said Abdel Hady, Egypt	Saad Amer, UK	syndrome Mahmoud Salah, Saudi Arabia
	17.20-17.35	Uterine artery embolization for treatment of AV malformations post vesicular mole and chemotherapy bleeding; a case report Hamdy Elaffandy, Egypt	Gestational diabetes mellitus: a global vision on a local epidemic Mohamed Momtaz, Egypt	Adhesion prevention agents Mahmoud Shawer, Egypt
	17.35-17.50		Enhanced recovery after gynecological surgery; we are lagging Amr El-Shalakany, Egypt	Abnormal uterine bleeding Khattab Abdel Aleem Omar, Egypt
Closure and	18.00-18.15			
Dinner	18.15-19.00
