***PROGRAM
2015***

WELCOME MESSAGE FROM THE PRESIDENT.

Dear Colleague,

It is now more than 21 years since establishment of our Society. I really am delighted to declare that our Society is continuing to achieve most of its objectives particularly in its continuing education and training program.

Every year the Society holds **a large number of workshops** for training on Advances in the Techniques of Management of Infertility with hands on training in **several governorates in Egypt**.

The society publishes the Egyptian Journal of Fertility and Sterility since 1997. Today 37 issues of our journal are already published. It is published regularly every six months. Our journal enjoys a great popularity in Egypt. It also attracts researchers from abroad to publish their original articles in it. Publishing a journal is not an easy job. I would like to thank the Editor in Chief **Prof. Mohamed Yahia**, and the co-editors **Prof. Hossam Thabet and Prof. Aboubakr El Nashar** for their great support in publishing this Journal.

When we started our Society we were only 21 founder members, today we are more than 1050 registered members. This is one of the largest national fertility societies worldwide. We are really growing very fast. Thanks to the enthusiasm, which you all expressed and I do look forward to seeing more members, joining our Society. Based on the records of the activities of your Society, the Society is a member of the prestigious International Federation of Fertility Societies (IFFS).

In endeavour of the Society to encourage research and scientific activities among its young members it allocated one prize in the amount of 50000 Egyptian Pounds for the best Innovative research submitted to the conference. The prize is kindly provided by Merck Serono pharmaceutical company.

On behalf of you all I thank Merck Serono Company for its unrestricted support of the scientific activities of the society.

Four pre-congress workshop were held before the conference:

1 – **Basic Ultrasound course October 7-11, 2015**

2- **Advanced Ultrasound course in infertility course from October 14-17, 2015.** The courses were held in collaboration with Al Azhar University: at Al Hussein and Bab El Sharia hospitals, Al Azhar University.

3- **Hysteroscopy (Basic &advanced)** in collaboration with Ain Shams University during the period Nov. 21-27, 2015 at Ain Shams University.

4- **"A Basic & Advanced Clinical and Laboratory Training Course in Infertility including ART for Developing Countries"** in collaboration with International Islamic Center for Population Studies and research ART Unit, Al Azhar University (AZHART) and International Society of Endometriosis and Uterine Disorders (SEUD) during the period Nov. 28th – Dec. 2nd, 2015 at the International Islamic Center for population Studies and research- Al Azhar - Al Darrasa.

On behalf of the Board of Directors of the society, I would like to thank all partners who made these courses possible. The society looks forward to strengthening its collaboration with all teaching institutions in Egypt.

This year we have 21 International guests who responded positively to participate in our meeting. I am delighted that for the second time we could arrange a session in the meeting for European Board & College of Obstetrics & Gynaecology (EBCOG). On your behalf I really am grateful to EBCOG and its President Prof. Dr. Tahir Mahmoud for accepting to arrange this session. Our list of guests this year includes very eminent scientists from around the globe, to mention but few, past Presidents of ESHRE, Editors of Human Reproduction Update, and Presidents of EBCOG.

Special thanks to our guests from all over the world for their prompt response to our invitation to participate in this meeting. Indeed I really am grateful to them all for accepting to be with us today and to share with us their great expertise in the field of reproductive medicine in spite of their very heavy commitments. I wish them all a very enjoyable stay and a safe journey back home or to other destinations to fulfill their commitments in different parts of the World.

I sincerely thank all members of the EFSS Board of Directors particularly our Secretary General, and the Secretary of the conference, **Professor Amr El Shalakany** who did a wonderful job by putting together such outstanding scientific and social program

for this year's conference. Sincere thanks to my secretarial staff particularly **Mrs. Azza El Tobgi and Mr. Reda El Shebiny** for the tremendous efforts in the preparation of this conference.

Yours Sincerely,
Prof. Gamal Serour
FRCS, FRCOG, FACOG
President of the Society
and the Conference

A MESSAGE FROM THE VICE PRESIDENT.

Dear Distinguished guests & colleagues:

Dear colleagues, invited speakers and distinguished guests, it is our pleasure to welcome you to this regular annual Scientific event the 21st Annual International Conference of the Egyptian Fertility and Sterility society. Hoping that you will enjoy both the scientific content and social events. The program includes a variety of interesting topics in the field of human reproduction (both male and female), new approaches (diagnostic and therapeutic) which suit various medical areas of interest.

Welcome to Cairo and hoping that you will join us again in our future scientific activities.

Yours Sincerely,
Prof. Mokhtar H. Toppozada,
Vice President of the Society
and the conference.

A MESSAGE FROM THE SECRETARY GENERAL:

Dear Honourable Guests, Participants and Colleagues,

It is my pleasure and honour to welcome you to the 21st Annual International meeting of the Egyptian Fertility & Sterility Society (EFSS).

This year's meeting marks the completion of two decades of the society's efforts to contribute to the continuous professional development. Through the years this meeting has enjoyed the contributions of internationally acclaimed guest speakers as well as eminent Egyptian colleagues. The program brings to you the up to date concepts and practices in all disciplines related to fertility and reproductive and women's health.

We wish that attendance would bring a valuable scientific return and pleasant social gathering.

Please accept my sincere regards

Yours Sincerely,
Prof. Amr El Shalakany,
EFSS & Conference Secretary General

FROM THE BYLAWS OF THE SOCIETY

The Society exists for educational and scientific purposes, and not for the purpose of making profits for its members or for any other person or organization. Any surplus gained by the Society incidentally or otherwise shall be used solely for the purposes of the Society stated on this section.

The Society has the following educational and scientific objectives:

1. To promote communication between gynecologists and other related disciplines interested in the field of infertility and sterility.
2. To promote communication between the society and other related national and international societies.
3. To encourage courses, meetings, congresses and research in infertility and sterility to achieve better knowledge of infertility.
4. To issue a regular Journal and possibly a Newsletter to disseminate information and knowledge in the field to members of the Society.
5. To adopt dissemination and application of ethical guidelines in the field of infertility.

PRESIDENT OF THE CONGRESS:

Prof. G. I. Serour

Japan
- 2015.4-Present Head of R & D Division,
Kato Ladies Clinic, Tokyo, Japan

Prof. Anna Veiga, Ph. D, Barcelona, Spain

Anna Veiga PhD, Ph.D. in Biology UAB 1991
Scientific Director of the Reproductive
Medicine Service. Institut Universitari
Quiron-Dexeus. Barcelona (2005), Director
Barcelona Stem Cell Bank. Center of
Regenerative Medicine in Barcelona
(CMRB) at the Barcelona Biomedical
Research Park (PRBB) (2005) Associate Professor
Department Ciències Experimentals i de la Vida,
Universitat Pompeu Fabra (2002) Past-Chairman of the

European Society for Human Reproduction and Embryology (ESHRE) (2013- 2015)
Main areas of interest: Fertility & Assisted Reproduction, Genetics & Reproduction, Embryonic Development & Preimplantation Genetic Diagnosis. Embryonic & pluripotent stem cell research. Derivation and optimization of culture conditions.

Prof. Charles Chapron, France

Professor of Obstetrics and Gynecology,
University Paris Descartes, Faculty of Medicine, Paris,
France

Professor and Chair,
Head of the department of Obstetrics and Gynecology II
and Reproductive Medicine,
Cochin University Hospital, Paris, France.

Vice Dean of Faculty of Medicine at the Paris Descartes University,
Paris, France

Charles Chapron is full Professor of Obstetrics and Gynecology at the University Paris Descartes, Faculty of Medicine, since 1999. He was named Head of the department of Obstetrics and Gynecology II and Reproductive Medicine at Cochin University Hospital (Paris, France) in 2005. Since 2013, Professeur Chapron was nominated Head and Chair of the Department “Perinatalogie – Periconceptologie – Gynecologie” to coordinate the activities of the three Departments of Obstetrics, Neonatology, Gynecology and Reproductive Medicine. In September 2014 Professor Chapron was named Vice Dean of the Faculty of Medicine at the Paris Descartes University, in charge of strategy and medical project. In 2015, Professor Chapron was nominated Visiting Professor at the Siena University (Italy).

In addition, he is the Chairman of two university diplomas and director of 20 medical theses. Professor Chapron has authored and co-authored about 341 peer-reviewed papers in international (233 publications) and in national (108 publications) scientific journals concerning surgical laparoscopy in gynecology, reproductive medicine and endometriosis. Publications were cited more than 5057 times and his H factor is 45. Professor Chapron has performed over 770 scientific presentations in international (466) and in national (311) meetings. He is the coordinator of 11 scientific books and the author of more than 80 chapters in other scientific books.

Professor Charles Chapron is Member of several national and international Societies and is reviewer for a number of journals.

In the past, he has held the positions of Secretary General of the French Society of Endoscopy in Gynecology (SFEG), the Associate Secretary General of the Francophonie International Society of Pelvic Surgery (SIFCP), Coordinator of the Special Interest Group (SIG) of Reproductive Surgery of the European Society of Human Reproduction and Embryology (ESHRE), Secretary General of the French society of gynaecological surgery, Société de Chirurgie Gynécologique et pelvienne (SCGP), President of the Special Interest Group (SIG) on "Reproductive surgery and endometriosis" of the American Association for Gynecologists Laparoscopists (AAGL) (2013) and President of the European Endometriosis League (EEL) (2013). Professor Chapron was elected President of the French Society of Gynaecologic Surgery (SCGP) in 2011 and was nominated as Member of the Pontifical Academy for Life (PAL) in 2012. In 2015, Professor Chapron organized was the President of the 1st Congress of the Society of Endometriosis and uterine disorders (SEUD).

During the last twenty years, Professor Chapron has worked intensively in Port-Royal University Clinic, Cochin University Hospital, together with a highly specialized team in endoscopic surgery. The two main research activities were the following: 1) Research (clinical and science) on pathogenesis, assessment and management (medical and/or surgical) of endometriosis; 2) Clinical research on gynecologic operative laparoscopy (ectopic pregnancy, hysterectomy, myomectomy, complications of gynecologic surgery, ...)

Training

• Specialty in Obstetrics and Gynecology

Residency in Obstetrics and Gynecology: UCLA

Diplomate of The Am Board of Obstetrics and Gynecology

- **Sub-specialty in Reproductive Endocrinology and Infertility** Fellowship in Reproductive Endocrinology and Infertility: UCLA Diplomate of the Am Board of Ob-Gyn, Reprod Endocr. and Infertility.
- **By endorsement of US diplomas:**
Specialist in OB-GYN and subspecialist in Reprod Endocr and Infert in France and Switzerland

Editorship

Editorial Board of Fertility and Sterility
Former Associate Editor Human Reproduction
Ad hoc Reviewer: Journal Clin Endocr and Metab, Lancet

Past positions *Assistant Professor*

1986-1988: Reproductive Endocrinology and Infertility University of New Jersey, Newark NJ

Associate professor

1988-1992: Reproductive Medicine Hopital Antoine Beclere, Paris France

Director, Head of Research and Development

1992-2003 Columbia Laboratories New York, NY

Professor and Head Division Reprod Endocr and Infert. 2004-2008: University Hospitals of Geneva and Lausanne Geneva and Lausanne, Switzerland

Prof. Eric Jauniaux, MD, PhD, FRCOG, UK

**Professor in Obstetrics and Fetal Medicine,
Institute for Women Health, UCL UK.**

**Academic Dpt of Ob Gyn, UCL, 86-96 Chenies
Mews WC1E 6HX**

For many years Eric Jauniaux has had a particular interest in placental and fetal development and the diagnosis management of placental related-complications of pregnancy- covering the full spectrum from the anatomy and physiology to the diagnosis and treatment in utero of placental and fetal diseases. He has also developed a special interest in the pathophysiology of miscarriage and the

management of ART pregnancies. He was awarded a personal chair at UCL in 2002 and in 2006, co-founded “Medical Aid Films” a charity dedicated to help medical training and education in low income countries using a multimedia approach. He is one of the founding editor and pregnancy editor of *Reproductive Bio-Medicine on line* and Associate Editor of *Journal of Medical Screening*. He has been on the editorial board of many journals in Obstetrics and Gynaecology. He is the editor of 12 books including *Cancer and Pregnancy*, *Embryonic medicine & therapy* with Bob Edwards and the first textbook on ART pregnancies in collaboration with Botros Risk. He is the author/co-author of over 320 peer-reviewed papers and reviews, 80 chapters in books, and has delivered over 250 lectures worldwide including the prestigious McGanity 2004 annual lecture (Baylor College, Houston, Tx). He is the laurate of 3 international prizes for his work on the human placenta.

OTHERS

- Co-Founder and Editor of Reproductive BioMedicine on-line in 2000 with Sir RG Edwards (Nobel Prize in Medicine 2010).
- Associate Editor Antenatal screening Section Editor for the Journal of Medical Screening since 2009.
- Scientific Editor for the British Journal in Obstetrics and Gynaecology since 2014.
- Co-Chair of the Education, Training and Capacity Building committee since Oct 2009 (FIGO).
- Co-founder of Medical aid films [MAF] a UK-registered charity [no 1121578] which provides multi-media programs for education and training in developing countries (www.medicalaidfilms.org).
- Organizer of 14 international conferences and courses. More than 250 invited lectures at national and international meetings.

Professor Felice PETRAGLIA

University of Siena, Italy

Professor Felice Petraglia is Professor and Chairperson of Obstetrics and Gynecology at the University of Siena, Italy. He is also Adjunct Professor of the Department of Obstetrics and Gynecology at the University of Toronto, Canada. He is Fellow and Eundem of the Royal College of Obstetricians and Gynaecologists (RCOG), Member

Officer; he chaired the Education Committee (2001-10), and organised its programme of educational workshops in low resource countries, 40 of which were held from 2003-11. He was a co-editor of the triennial IFFS Surveillance (2007 and 2010), a Worldwide Compendium of National Laws and Regulations for Assisted Reproductive Technologies covering 102 countries.

He is CEO of the Low Cost IVF Foundation and has worked on a low-cost IVF programme in low resource economies with WHO, IFFS and ESHRE, and was the Co-ordinator of the Training and Information Cluster in the European Society of Human Reproduction and Embryology (ESHRE) Special Task Force on Infertility and Developing Countries. He is currently working in Zambia with the Ministry of Health and the WHO Country Office planning to run the international pilot for the Rapid Assessment Tool for Infertility to identify the resources required for a national programme of integrated fertility care, the University of Zambia to help develop a Master's degree course in Embryology and the University Teaching Hospital in Lusaka to develop a low cost IVF programme.

Dr. Khaldoun Sharif MBBCh, (Hons), MD, FRCOG, MFFP

- **Dr. Khaldoun Sharif** is a subspecialist in Reproductive Medicine & Surgery, with over 100 publications, including 10 books and numerous book chapters, reviews and original papers.
- A Senior Consultant in Reproductive Medicine & Surgery, a Fellow of the Royal College of Obstetricians & Gynaecologists (FRCOG), and a Doctor-of-Medicine (MD) degree holder from Birmingham University, UK.
- Worked in the UK for 20 years where he was the a Senior Lecturer at the Birmingham University, the Clinical Director of Gynaecology & IVF at the Birmingham Women's Hospital, a member of the RCOG examination committee and a member of various working groups at the Human Fertilization a Embryology Authority (HFEA).
- Currently, he is the founder and Clinical Director of the Istishari Fertility Center in Amman, Jordan (www.jordanivf.com).

Prof. K. Diedrich Germany

Name: Prof. Dr. med. Klaus Hermann
Rolf Diedrich
Birth: 28.04.1946
Birth-place: Nordenham
Parents: Dr. med. Hermann Diedrich, M. D.
Rita Diedrich (maiden-name: Ehrlich),
lady of the house

Education:

1966: High school graduate at the Matthias- Claudius-
Gymnasium in Hamburg
1966: Start of studies in human medicine at the University of
Hamburg
1967: Naturwissenschaftliche Vorprüfung in Hamburg
1968: Ärztliche Vorprüfung
1972-73: Junior house officer in surgery and internal diseases
1973-74: Military service as M. D.
1974-78: Senior house officer in OB/GYN at the university clinic
of Hamburg
1979: Consultant at the department of OB/GYN at the university
clinic of Lübeck
1981: Ph. D. in Obstetrics and Gynecology
1982: Marriage with Christa Diedrich, M. D.
1983: Birth of a son
1984: First consultant at the department of OB/GYN of the
University clinic of Bonn; University Professor
1984: Founding member of the European Society of Human
Reproduction and Embryology (ESHRE)
1985-91: Secretary of the European Society of Human Repro-
duction and Embryology (ESHRE)
1991-93: Chairman-elect of the European Society of Human
Reproduction and Embryology (ESHRE)
1993: Head of department of Obstetrics and Gynecology of the
University clinic of Lübeck, resident of the European
Society of Human Reproduction and Embryology
(ESHRE)
1993: President of the European Society of Human Repro-
duction and Embryology (ESHRE)
1994-2000: Secretary of the German Society of Obstetrics and
Gynecology (DGOG)
2001: Member of the German Academy of Science Leopoldina
2000: Vice-president (chairman-elect) of the German Society of
Obstetrics and Gynecology (DGOG)
2002: President of the German Society of Obstetrics and

- Gynecology (DGGG)
- 2004: Vice-president of the German Society of Obstetrics and Gynecology (DGGG)
- 2006: Vice Dean of the University of Lübeck
- 2006: Fellow of the Royal College of Obstetrics and Gynecology
- 2006 : Foundation of the German-Greek Society of Obstetrics And Gynecology by Prof. Agorastos (President) and Prof. Diedrich (Vizepresident)
- 2009: Medical Director of the University Hospital of Lübeck
- 2009 Doctor honoris causa of the Aristoteles University of Thessaloniki
- 2009: Doctor honoris causa of the University of Alexandropoulis
- 2010 Medical director of the University Hospital Schleswig-Holstein, Campus Lübeck
- 10/2012 Lending of the Carl-Kaufmann-Medaille, the highest Honouring in the gynecology and obstetrics in Germany, Switzerland and Austria.
- 1/2013 Admission of the activity as a reproductive doctor in the centre for reproductive medicine of Amedes, Hamburg, Mönckebergstrasse
- 7/2014 Honorary Member of ESHRE
- Member of 18 national and international Editorialboards.
- Publications: 530 in national and international journals.

Dr. Magdy Hanafi, USA
M.D., F.A.C.O.G., F.A.C.S.,

Chairman, Gynecology Department
 Emory Saint Joseph's Hospital
 Emory University Atlanta, Georgia, U.S.A.

Dr Hanafi graduated from Alexandria university school of medicine with an honor degree in July 1969.

He completed ten years of training in OB/GYN, General surgery, Infertility and Minimally Invasive Surgery in Cambridge, UK and Atlanta, GA, USA.

He practiced continuously at Emory Saint Joseph's Hospital, Atlanta, GA since August 1979.

He is actively teaching and conducting clinical research for the last thirty six years.

He published several clinical research manuscripts and articles in the subject of fibroid tumor, adenomyosis, tubal reversal, hysterectomy, robotic laparoscopic surgery and others in the Green Journal, Fertility and sterility Journal and Journal of Gynecologic

Surgery, Journal of Human Reproduction and others. His recent manuscript titled "Comparative study between Vaginal, Abdominal and Robotic Laparoscopic Hysterectomy" was accepted for publication in May 2015 and a review article titled "Predictors of recurrence of Leiomyomas after Myomectomy, an update review of the subject since my original publication was published in the Green Journal in 2005, published in the World Journal of Obstetrics and Gynecology web site in 2015.

Dr Hanafi is board certified by ABOG and board recertified annually since 2000.

He obtained a diploma of OB/GYN from the Royal College of Ireland.

He trains gynecologists in minimally invasive surgery using the DaVinci robotic system in gynecological procedures in a regular basis.

He participates in teaching locally in Atlanta, GA, nationally in USA and internationally.

Mourad W Seif, MSc, Dip (Mang.), PhD, FRCOG, UK

Consultant Gynaecologist, Senior Lecturer (Hon) at St Mary's Hospital, Manchester UK & University of Manchester . Lead Consultant for reproductive endocrinology and menopause services at St Mary's Hospital.

Having obtained his PhD from Manchester University 1989, on biology of the endometrium, his current special interest is in reproductive medicine, reproductive Surgery & endocrinology, evidence based medicine, systematic reviews, and clinical trials.

He is an editor in the Cochrane Collaboration in Gynaecology and Fertility Group (previously known as menstrual disorder and subfertility).

He has achieved a high profile in Global Women's Health. He is an International Consultant to UNFPA, was the Founder and Coordinator for the RCOG-Eurovision project and was the Project Director and Chair of Steering Group for UNFPA (EECA) project on building capacity on evidence-based guideline/protocols in sexual and reproductive health in Eastern Europe and Central Asia. He was a member of committee and the External Expert and Editor of the European Board & College of Obstetrics and Gynaecology (EBCOG) Standards for Gynaecology. He is member of the Faculty (and co-author) of the EBCOG-Master Class on the adaptation of evidence-based guidelines and the Responsible Officer for UNFPA-EBCOG Collaboration.

Lead investigator for several clinical trials, including Manchester – Lead for the UKCTOCS on ovarian cancer screening; the largest trial of its kind in the world

Author of large number of peer reviewed publications including Cochrane reviews and supervisor and examiner to higher degrees in the University of Manchester and others, in the UK.

Member of the RCOG-Council 2000-06 and Council of the Faculty of Sexual and Reproductive Health (FSRH) 2005-9, revalidation and various other Committees of the RCOG. Represented RCOG in Sri Lanka, India, Sudan, Egypt and Iraq.

Prof. Paul Devroey, Belgium

Affiliation: Centre for Reproductive Medicine, UZ Brussel

Education/Career: Medical education at the Dutch-speaking Catholic University of Louvain (1971). Doctor in Philosophy, in Gynaecology, Obstetrics and Infertility on oocyte donation at the Dutch-speaking Brussels Free University (1989). The Dutch-speaking Brussels Free University pioneered in 1991 the use of intracytoplasmic sperm injection.

Qualifications: MD, PhD

Publications & Awards: Citation: Hirsch factor of 103 (12/10/2015). Citations: 41 647 (12/10/2015). Received 3 national and 4 internationals research awards. Wrote 4 books.

Appointments:

- Member of the Editorial Board of Tijdschrift voor Fertiliteitsonderzoek (1985-2006)
- Founding member and first President of the Belgian Society of Reproductive Medicine (1999-2001)
- Professor of Reproductive Medicine at the medical campus of the Dutch-speaking Brussels Free University (1986 -2011)
- Clinical Director of the Centre for Reproductive Medicine at the Dutch-speaking Brussels Free University (1983-2011)
- Member of the Editorial Board of Fertility and Sterility at present
- Oration award Dr. Dossibai J.R. Dadabhoy by the Bombay Obstetrics and Gynaecology Society, Bombay (1995)
- Awarded by the Hellenic Society of Fertility and Sterility, Athens, Greece (21 November 1997)
- Associate Editor of Human Reproduction Update (1998-2004)
- Visiting professor at the State University of Manila (2000)
- Honoured by the Van Camperhout Memorial Lecture, Canadian Fertility and Andrology Society (2003)
- International Editorial Board Member of Acta Obstetrica et Gynecologica Scandinavica” since 2000
- Honorary member of the Middle East Fertility Society since 1 December 2004
- (Co-) President of the Belgian National Committee for Bio-ethics (2005-2013)
- Nominated as Fellow ad eundum of the Royal College of Obstetricians and Gynaecologists (27 September 2005)
- Chairman of the European Society of Human Reproduction and Embryology (ESHRE) (2005-2007)

- Visiting professor at the University of Utrecht (2005 – 2012)
- Doctor Honoris Causa at the Aristotle University of Thessaloniki, Greece (2007)
- Honorary Member of the Egyptian Fertility and Sterility Society (6 September 2007)
- Nominated by the Second International IVI Foundation Award for the Best Clinical Research Record in Reproductive Medicine (20 September 2007)
- Aw Boon Haw visiting professor in the Department of Obstetrics and Gynaecology of the University of Hong Kong (13 February 2008 – 23 February 2008)
- Member of the Ethics Review Process of the European Commission (March 2008)
- Awarded by the Society of Gynecologic Investigation (SGI) Special Lecture (Glasgow, Scotland, March 2009)
- Director of Medical Education of the International Federation of Fertility Societies (IFFS) since 2011
- Awarded by the Patrick Steptoe Lecture (7 January 2012 in Leeds)
- Honorary Member of The Belgian Society for Reproductive Medicine 30.11.2012
- Honorary Member of The Dutch speaking Society for Obstetrics and Gynaecology 25.10.2012
- Member of the Steering Group on Human Resource Planning of WHO since 15.12.2012

Prof. Safaa El Hassani, Germany

Dr Safaa Al-Hasani graduated from the University of Baghdad in 1977. In 1980 he undertook his doctorate degree, as well his speciality, in the field of reproductive veterinary medicine from Tierärztliche Hochschule in Hannover. He has been the director of assisted reproduction laboratories in Erlangen, Bonn and Lübeck since that time. In 1982, he was in the scientific group that achieved the first German IVF baby in Erlangen. Thereafter, he became a staff member of the University of Lübeck where he became an extra-ordinary Professor in 2002 and where he is still working. He is the author or co-author of more than 300 scientific publications.

e-mail: sf_alhasani@hotmail.com

Dr. Tahir Mahmoud,
MD, FRCPI, FFSRH, MBA, FRCPE, FACOG, FRCOG
Consultant Obstetrician and Gynaecologist
Victoria Hospital
Kirkcaldy, Scotland

President: European Board & College of Obstetrics & Gynaecology (EBCOG) 2014-2017: Chair of the EBCOG Working Party on Standards of Care (Since 2010-)

Past President Edinburgh Obstetrical Society of Scotland (2012-2014)

Past Vice President Standards (2007-2010) of the Royal College of Obstetricians & Gynaecologists, United Kingdom and,

Past Chairman of the Northern Obstetrical & Gynaecological Society of Scotland (1999-2012)

Dr Mahmood holds Clinical Senior Lectureships at the Universities of Edinburgh, St Andrews, and Dundee. He was honoured with the award of “Commander of the order of British Empire (CBE)” in 2012 for his services to the Women’s health by Her majesty Queen Elizabeth, the second.

He was admitted as an Honorary Fellow of the American College Of Obstetricians & Gynaecologists (FACOG) in 2011 and of the Royal College of Physicians of Edinburgh in 2014.

- Dr Mahmood has served for 11 years on the RCOG Council, was chairman of Hospital Recognition Committee (2004-2007), served on the Education and International Boards and was elected as Vice President for Standards, RCOG in 2007 for three years where he chaired the Working Parties on “Standards in Gynaecology” , “Standards for Maternity Care” ,“NICE Quality Standards Neonatal Care Topic Expert Group” to develop Standards for Tertiary Neonatal Care and “ Recertification in Obstetrics and Gynaecology”.
- He was the Project lead for a National Audit Project in England and Wales for the management of women with Heavy Menstruation based at the RCOG. This was a four year national project (2010-2015) and was funded by the Department of Health, England (£1.2Millions). Five reports related to this project are available on the RCOG website. He also served as a module lead for the RCOG-UNFPA initiative for the “Master Class in Evidence Based Guidelines Development” (2011-2-13). He is life trustee of “ Lindsay Stewart R&D Foundation of the RCOG”.

- He has been involved with the work of EBCOG since 2008 where he is “ member of the Hospital Visitation and Accreditation committee, Programme director of the “EBCOG Training the trainer’s course”, “ Training the Visitors programme” and the “ EBCOG Master Class for the development and Adaptation of Evidence Based Guidelines” . He also led development of European unified Standards of Care in Obstetrics, neonatal care and Gynaecology Services. These documents were launched at the European parliament in November, 2014. He is currently leading initiatives for the development of European Reference Networks for rare conditions in OBGYN, development of sexual and Reproductive Health strategy in collaboration with UNFPA and WHO-Europe. UNFPA collaboration has ensured that the standards documents are being translated in Russian language and funding has been secured for a UNFPA-EBCOG annual scholarship for young clinicians from EECA Region.
- EBCOG under his leadership will be launching its Examination, “European Fellow in Obstetrics and Gynaecology” in May 2016 at the Istanbul Congress. This examination will be open to the specialists globally.
- His **research interests** are in the area of the induction of labour and outcome-related multi centre obstetric audits, Obesity and reproductive outcomes; the pathophysiology of pelvic endometriosis, and developing standards of care by interrogation of National Maternity and Gynaecological data base. He has published more than 160 peer reviewed papers and chapters and has edited five books. He has also delivered more than 140 Lectures by invitation both National and Internationally.

Prof. Willem Ombelet, Belgium

Willem Ombelet was born in Leuven (Belgium) in 1954. He started his career researching infertility and IVF in 1984 in Pretoria, South Africa. Since 1987, he has been working in the Department of Obstetrics and Gynaecology at the St. Jans Hospital in Genk, Belgium. In 1998, he obtained his PhD degree at the University of Leuven on ‘The value of sperm morphology and other semen parameters in diagnosis and treatment of human subfertility. He became the Head of the Department of Obstetrics and Gynaecology in Genk, in 1999. From 2001 until 2004 he was the President of the Belgian Society of Obstetrics and Gynaecology.

Willem Ombelet (co-) authored 115 international peer-reviewed articles and was a

(co-)editor of 21 books. He received 2 international awards.

Dr Ombelet is the founder of the Genk Institute for Fertility Technology and the Walking Egg Foundation.

He organised nine “Andrology in the Nineties” meetings and different workshops on assisted reproduction.

He is a consultant/Professor at the Universities of Hasselt ,Ghent and Antwerp.

Since 2006 he is the coordinator of the ESHRE Special Task Force on “Developing countries and infertility”. Since 2015 he is the coordinator of the ESHRE Special Interest Group of Andrology.

He is the editor-in-Chief of the international scientific journal “Facts, Views & Vision in ObGyn”.

Dr. Yacoub Khalaf MB BCh, MSc, MD, FRCOG, MFFP

Director of the Assisted Conception Unit, HFEA Person Responsible & Course Director.

He qualified in Egypt (Assiut University) and completed his MD in Birmingham (UK). After completion of RCOG subspecialty training in Reproductive Medicine and Surgery at Guy's and St Thomas' Hospital NHS Foundation Trust he became Consultant in Gynaecology & Reproductive Medicine in 2001.

He is currently the Medical Director of the Assisted Conception Unit (ACU) at Guy's and St Thomas' Hospital and Director of the Pre-implantation Genetic Diagnosis (PGD) Programme. He is also an Honorary Senior Lecturer at King's College, London. He is an executive board member of and spokesperson for the British Fertility Society and organises the RCOG/BFS Annual Course in Sub-fertility and Assisted Conception. He runs international exchange educational programme and directs Fertility Imaging Training Courses. He is also an executive board member of the RCOG Clinical Study Group in Reproductive Medicine and Surgery.

Yacoub Khalaf heads an active research programme and he has published many articles in important medical journals. He is a grant reviewer for Health and Technology Assessment and Medical Research Council as well as Well-being of Women and Wellcome Trust. He is an associate editor of RBM Online Journal and Editorial Board Member of several other journals. He has lectured on many national and international scientific meetings.

He has recently had two changes in his professional career, he is now "Chair of the Executive Board of the RCOG Clinical Study Group in Reproductive Medicine and Surgery" and has recently been appointed as a "Member of the Human Fertilisation and Embryology Authority (HFEA)".

He is an opinion leader and frequently interviewed by the BBC, ITV, Channel 4 and associated press etc.

Yousri Maarouf Mohamed Afifi, PhD MD MRCOG

- Address: Birmingham Women's Hospital NHS Trust, Edgbaston, Birmingham, B15 2TG, UK
- Tel: 07815604288
- Email: Yousri.afifi@bwnft.nhs.uk, [ymmafifi@gmail.com](mailto:yymafifi@gmail.com)

Present appointment:

- Director of Minimal Access, Endometriosis & Reproductive surgery centre, Birmingham, UK.
- Chairman of Advanced Training, West Midland School, UK.
- Lead Consultant of Complex Benign Gynaecology, Birmingham Women's Hospital
- Hon Senior Lecturer, Birmingham University
- RCOG College Tutor

Qualification

- PhD, University of Birmingham, 1999
- MRCOG, UK, 2000
- Colposcopy diploma, BSCC, UK
- MMedSc, Al-Azhar University, 1992
- MBBCh, Al-Azhar University, 1988

Professional registration

- **CCST:**2005 (General Obstetrics and Gynaecology)
- **GMC No: 4707497**
- Member of RCOG
- Member of British society of Gynaecological Endoscopy
- Member of European Society of Gynaecological Endoscopy

Previous employment

- Lead of Research and audit (2007-2011), British Society of Gynaecological Endoscopy

- Regional preceptor of ATSM in laparoscopic Surgery (2008-2013)
- Specialist Registrar, West Midland (2000-2005)
- Clinical Research Fellow, Birmingham University (1997-2000)
- Assistant lecturer, Al-Azhar University (1992-1996)
- Specialist Registrar, Al-Hussein Hospital (1989-1992)

Experience

- Extensive experience with regional, national and international recognition in advanced laparoscopic surgery for complex endometriosis and benign gynaecology.
- Lead regional and national referral centre for endometriosis, reproductive surgery and abdominal cerclage.
- Extensive experience in postgraduate teaching and training including program management, courses organisation and training facilitation.
- More than 10 years experiences as a consultant in busy tertiary referral regional hospital.

Courses

Convener and director of the following courses

- Basic practical skill course
- Anal sphincter injury diagnosis and management
- Advanced laparoscopic surgery hand on training
- Laparoscopic myomectomy, Master class
- Laparoscopic cerclage, Master class
- Laparoscopic management of ectopic pregnancy, hand on training
- Laparoscopic surgery for infertility, hand on training

Innovation

- Safety insertion curve for distance guided insertion technique for laparoscopic entry
- Double impact devascularisation technique for laparoscopic treatment of ectopic pregnancy

Publication

Author of 6 chapters in 2 books and 18 peer review publications

Prof. YUTAKA Osuga, Japan

Dr. Osuga received both his MD (1985) and PhD (1995) from the Faculty of Medicine, the University of Tokyo, Japan. He completed his OB/GYN residency training at the University of Tokyo. He trained as a postdoctoral fellow at Prof. Aaron Hsueh's lab in Stanford University from 1995 to 1997. He is board certified by Japan Society of Obstetrics and Gynecology, Japan Society of Gynecologic and Obstetric Endoscopy and Minimally Invasive Therapy, Japan Society for Reproductive Medicine, and Japanese Society of Anti-Aging Medicine. Dr. Osuga is currently the professor of Department of Obstetrics and Gynecology, the University of Tokyo.

Dr. Osuga provides clinical services in gynecology and reproductive medicine with special expertise in laparoscopic surgery and assisted reproductive technology. His research program has focused on endometriosis, endometrium, and ovarian biology. He has authored over 200 research publications published in eminent peer-reviewed journals and has written and edited several textbooks. He serves on the Editorial Board of several leading OB/GYN journals. He is frequently sought out to provide his expertise at medical conferences and academic institutions and is a core member of several medical groups and associations.

Dr. Zaid Kilani, Jordan

- Born in Nazareth, Palestine 1938
- Jordanian
- Married, father to three sons and one daughter
- Appointed by His Majesty king Abdulla the second as a senator in the upper house of parliament in 2011. Reappointed in Oct. 2013.
- M.D. from Goettingen university, West Germany, 1964
- Medical training and teaching of obstetrics and gynecology in Cambridge and London universities, Great Britain
- Fellow of the Royal College of Obstetricians and Gynecologists, London, 1989
- Founder and first President of The Jordanian Society for Fertility and Genetics
- Attended many international congresses, was selected as moderator in international conferences and lectured in many

international meetings about studies and achievements of the institute of the Farah Hospital

- Shared with his colleagues from Scotland and France the discovery of a mutation in a gene in a Jordanian family. Their work was published in the American Journal of Human Genetics.
- Was president of several international congresses held in Jordan in the years 1997,2005,2007,2009,2011
- Published many medical scientific papers in well recognized medical journals:
 - Human Reproduction
 - Fertility and Sterility
 - British Journal of Obstetrics and Gynecology
 - Human Reproduction Online
 - The American Journal of Human Genetics
- Co-author of the books:
 - Advances in Infertility Treatment
 - Textbook of In vitro Fertilization and Assisted Reproduction
 - PGD and Embryo Selection
 - IFFS 20th World Congress on Fertility and Sterility
 - Translated the book of “pregnancy” (600 pages) written by his teacher Gordon Bourne. Now adopted by the ministry of health for distribution
- Main investigator in several phase III clinical trials, multi centers study
- Introduced several assisted reproductive techniques to the region including IVF, PGD , IVM and Genetic Unit
- Developed hysteroscopic Kilani sheath, manufactured by Storz company, Germany
- Developed Kilani embryo transfer device manufactured in Great Britain
- Introduced his own technique “Kilani method” in dealing with bulging membranes with remarkable unprecedented results to prevent miscarriage in the second half of pregnancy
- Director of The Farah Hospital, one of the largest institutes in the world for infertility treatment
- Awarded for his medical achievements:
 1. The medal of AL-Istiklal (independence) of the first order, from His Majesty the late King Hussein
 2. Certificate of appreciation from the International Federation of Fertility societies (IFFS)

3. Certificate of appreciation from the International Federation of Gynecology and Obstetrics (FIGO)
4. The shield for distinguished achievements from the Jordanian Medical Syndicate
5. The shield for distinguished achievements from the Jordanian Society of Obstetricians and Gynecologists
6. The shield of honor from the Pan Arab Fertility Society
7. Awarded the state of Jordan certificate as appreciation for personal achievement in the medical field in 2011
8. The shield for distinguished achievements from the Jordan Hospitals Association
9. The man of achievements for the year 2013 from the Palestine international institute
10. Awarded by Her Royal Highness Princess Basma bint Talal shield of medical achievement sponsored by The Specialty Hospital.

SCIENTIFIC PROGRAM
December 3rd-4th, 2015

WEDNESDAY, December 2nd , 2015:

(Zamalek Marriott Hotel Cairo)

4:00 -7:00 p.m.: REGISTRATION

(Salon Vert)

6:00 -7:00 p.m.: PRESS CONFERENCE

(Salon Vert)

THURSDAY, December 3rd, 2015:

08:00 – 09:00: REGISTRATION

(Salon Vert)

09:00- 09:15: OPENING CEREMONY

(Aida Ballroom)

Medical Exhibition (Aida Foyer):

Thursday, December 3rd, 2015

09:00 a.m.- 05:00 p.m.

Friday, December 4th, 2015

09:00 a.m.- 05:00 p.m.

SCIENTIFIC PROGRAM

THURSDAY, December 3rd, 2015:

09:00 - 09:15:	OPENING CEREMONY: (Salle A)
09:20 - 11:35:	SESSION (1) (Salle A): PLENARY (1)
11:35 - 12:00:	COFFEE BREAK (1).
12:00 - 14:15:	SESSION (2) (Salle A): PLENARY (2)
14:15 - 14:45	COFFEE BREAK (2).
14:45 - 16:15:	SESSION (3) (Salle A): EBCOG SESSION
	SESSION (4) (Salle B): ENDOSCOPY
	SESSION (5) (Salle C): PREGNANCY AND ART
16:15 - 16:30:	BREAK
16:30 - 17:45:	SESSION (6) (Salle A): ENDOMETRIOSIS & UTERINE FACTORS
	SESSION (7) (Salle B): PCOS
	SESSION (8) (Salle C): FREE COMMUNICATIONS
17:45:	LUNCH

FRIDAY, December 4th , 2015:

09:00 - 11:40:	SESSION (9) (Salle A): PLENARY (3)
11:40 - 12:30:	FRIDAY PRAYERS & COFFEE BREAK (1)
12:30 - 14:15:	SESSION (10): (Salle A): PLENARY (4)
14:15 - 14:45:	COFFEE BREAK (2)
14:45 - 16:05:	SESSION (11): (Salle A): STEM CELLS
	SESSION (12): (Salle B): IMPLANTATION & ENDOMETRIAL
	RECEPTIVITY
	SESSION (13): (Salle C): INFERTILITY TREATMENT
16:05 - 17:35:	SESSION (14): (Salle A): INFERTILITY & LEUTEAL PHASE
	SUPPORT
16:05 - 17:25:	SESSION (15): (Salle B): GYNECOLOGY
16:05 - 17:20:	SESSION (16): (Salle C): FREE COMMUNICATIONS
17:20-17:35:	(Salle A) MERCK SERONO AWARD & CLOSING REMARKS
17:35:	LUNCH

THURSDAY, DECEMBER 3rd, 2015:

SESSION (1): (Salle A) (09:20 -11:35)

PLENARY SESSION (1)

Chairmen:

Prof. Nabil Abdel Hakim

President ESGO

Prof. Akiko Yabuuchi, Japan.
- (49) **13:20-13:45:** Inherited infertility.
Prof. Mohamed Abolghar, Egypt.
- (50) **13:45-14:10:** Strategy for myomas associated with infertility.
Prof. Gamal Serour, Egypt
- 14:10-14:15: DISCUSSION**
- 14.15-14.45 COFFEE BREAK (II)**

FRIDAY, DECEMBER 4th, 2015:

SESSION (11): (Salle A) (14:45-15:50:)

STEM CELLS

Chairpersons: **Prof. Mahmoud Midan** **Al Azhar University, Damietta**
Prof. Mohamed Salama Gad **Menofeia University**
Prof. Akiko Yabuuchi, **Japan.**

(51) 14:45-15:00: Restoring damaged ovarian function via transplantation of
adipose derived mesenchymal stem cells.
Prof. Akiko Yabuuchi, Japan.

(52) 15:00-15:15: Stem cell therapy in the management of non-obstructive
azoospermia: fact or fiction?
Prof. Medhat Amer, Egypt.

(53) 15:15-15:30: The role of granulosa cells for oocyte quality and pregnancy
outcome in patients with endometriosis.
Prof. Afaf A. Ismail, Egypt.

(54) 15:30-15:45: The effect of Hepatitis C virus treatment on ovarian reserve.
Prof. Mahmoud Midan, Egypt.

15:45-15:50: DISCUSSION

FRIDAY, DECEMBER 4th, 2015:

SESSION (12): (Salle B) (14:45-16:05)

IMPLANTATION AND ENDOMETRIAL RECEPTIVITY

Chairmen:

**Prof. El Said Abdel Hady
Dr. Sayed El Kabary
Prof. Dominique De Ziegler**

**Mansoura University
Military Hospital
France**

- (55) **14:45-15:00:** Endometrial receptivity to embryo implantation; the possible hidden roles played by the ovary.
Prof. Dominique De Ziegler, France.
- (56) **15:00-15:15:** Ultrarapid cryopreservation is the right tool for cancellation of fresh embryo transfer.
Prof. Safaa El Hassani, Germany.
- (57) **15:15-15:30:** Day 3 vs. day 5 transfer.
Prof. Anna Veiga, Spain.
- (58) **15:30-15:45:** Freezing day 3 and transferring day 5: A protocol of high risk ICSI cycles.
Prof. Hassan El Maghraby, Egypt.
- (59) **15:45-16:00** Surgical tips for simple and safe management of ectopic pregnancy.
Dr. Yousri Afifi, UK
- 16:00-16:05: DISCUSSION**

FRIDAY, DECEMBER 4th, 2015:

SESSION (13): (Salle C) (14:45 – 16:00)

INFERTILITY TREATMENT

Chairmen:	Prof. Mohamed K. Aloush Benha University Dr. Mohamed El Sherbiny MOH Prof. Ian Cooke UK Prof. Oladapo Adenrele Ashiru Nigeria
------------------	--

- | | |
